

PASADENA ASIAN CONCERN

Pasadena Asian Concern would like to be the community's group. So, PAC welcomes anybody, whatever their feelings about PAC are, because support and participation of everyone is needed and necessary. Communication is essential.

The Japanese Community Awareness Forum exposes facets of our community which we have begun and wish to deal with. They are Asian American Studies for more relevant education, a disappearing Asian Identity, Issei needs, and other community problems.

During the month of May, PAC has four events planned. Although attendance at our meetings is usually fair, it is not near the number desired. So, PAC cordially invites everyone to come and participate.

May 8 Saturday - 1:00 PM in PAC Room (203), upstairs, Japanese Cultural Institute, 595 Lincoln. Identity will be the topic for discussion, lead by Rod Ogawa. Articles for Yellow Tongue will be collected and drug survey for May 21 program will be worked. This is the first meeting in PAC's new room. Come and check it out. Furniture needed.

May 23 Sunday - 1:00 PM in PAC room, there will be a business meeting and general discussion, including future activities.

May 29 Saturday - 11:00 AM PAC room. For some fun Asian Creation, "Express Yourself" will be the theme of our experimentation with clay or tie-dye and wire, depending upon availability. Come and do your thing.

7:00 PM Open House for PAC's room.
